EXAMINER'S AMENDMENT AND REASONS FOR ALLOWANCE

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

This application is in condition for allowance except for the presence of claims 31-60 directed to an invention non-elected without traverse. Accordingly, claims 31-60 have been cancelled.

The following is an examiner's statement of reasons for allowance:

Claims 1-30 are allowed primarily because the prior art do not teach or suggest all the claimed inventions in claims 1 and 16, respectively, particularly regarding limitation of a thermal mass coupled to the IC die, wherein the thermal mass comprises a heat exchanger including a plurality of microchannel layers as in claim 1, and regarding the limitation of a thermal mass coupled to the IC package, wherein the thermal mass comprises a heat exchanger including a plurality of microchannel layers, taken in the context of the remaining limitations of the respective claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
